# R - SERIES

Delivering superior performance and handling, the versatile R Series is Haines Hunters most popular range. Built on the company's Performance Deadrise V (PDV) hull, with the unique structural safety Matrix (SSM) also featuring on selected boats, the R Series is ready to handle whatever you throw at them.

The low Profile cabin inherent in every R Series model adds to its sporty feel and allows superior vision at the helm, without compromising valuable cockpit space. Serious inshore and offshore fishing boats, they are also perfect for social cruising.

## 520 R-SERIES

Fuel Capacity	500L
Horsepower	350HP

# 2100 R-SERIES

The new 2100R sports a completely new hull and a fully redesigned deck with modern lines and features that fulfill the needs of modern day sports boaters. A key point of difference with the new 2100R is that its significantly wider, far more streamlined, offers a larger cockpit space and is rated to carry seven people.

Whether you're into family cruising, the occasional ski, wakeboarding or you're into hardcore offshore racing, this boat can do it all. On-water tests have shown its performance to be far superior to the old 2100so. The hull is now beamier, yet the running strakes have been remodeled to vastly improve handling. It's been built and designed to handle a whopping 300-horse power so it's a very quick, yet very safe boat. On top of all the enhanced performance features it's a beautiful looking boat that turns a lot of heads wherever it goes."

## 2100 R-SERIES SPECIFICATIONS

Length Overall	6.80m
Beam	2.30m
Height	1.13m
Weight (Boat Only)	800kg
Transom Height Single	23"
Fuel Capacity	200L

# BUILT FOR AUSTRALIA'S TOUGHEST ANGLERS

HAINES HUNTER  
675 OFFSHORE

## THE PERFECT FISHING MACHINE

Proven to be Australia's best & most trusted offshore game setup in its class. The Haines Hunter 675 Offshore is now the official boat chosen by four separate national fishing teams and will compete in various offshore tournaments across Australia in 2018. Quality, reliability, overall versatility and performance is why the 675 Offshore was chosen.
